

THE McBEE SOCIETY

The Planned Giving Society at Ashley Hall

Ashley Hall's founder, Mary Vardrine McBee, exemplified and championed the merits found in a life of valued-based philanthropy. Today, she is the patroness of the McBee Society, an organization of foresighted and generous donors who have included Ashley Hall in their estate plans. Bequests and other planned gifts have a lasting impact on Ashley Hall and serve as a continuing source of support. The McBee Society has over one hundred members who have made commitments that will positively impact our community for future generations.
